

Partner | Welcome Guide

WELCOME

Dear Texium partner,

We would like to take this opportunity to welcome you to our Partner Program.

Texium has partnered with Technology Source to bring you a unique opportunity. Technology Source is the **Sourcing as a Service company** with over 150 service providers. Both organizations bring over two decades of experience serving clients across the U.S. and around the world.

Our Partner Program is unique to the industry. We have paired a global product set, including IT Services, Telecom Services and Mobility services with the highly skilled technology Advisors at Texium. In addition, we provide our Partners access to a tenured and successful Texium team member that can help create a roadmap to success.

As our partner, you will play a critical role in our mutual success. Your unique background and skill set provides clients with a critical resource in an environment where there is never enough budget or headcount available to support their IT Department.

With our unique approach, your clients will enjoy an unapparelled experience. With your help, Texium will guide your clients through the process of identifying project requirements, designing a custom-tailored solution, assisting with vendor selection, price negotiation and solution implementation. Our service does not stop after the sale. Texium also provides implementation escalation support and post sale support.

Building your business will not be easy, it will take dedication, discipline and hard work. We are confident, that together, we will be successful.

Let's get started!

Sincerely,

Michael ScharfPresident

ELEMENTS OF SUCCESS | Compensation Review

Gain financial independence.

Our compensation model provides our partners five tiers of compensation, starting at 60% of all service provider compensation.

Compensation continues to increase as your customer base grows.

With our Pick-a-winner program you can increase your compensation. Increases are based on your annual sales commitment.

Example:

You sign a new client that bills \$5,000 monthly.

- Expect provider compensation to average 20% of the billing or \$1000 a month. At our 60% tier, you would earn \$600 monthly.
- Receive monthly commission for as long as the customer bills.
- You can also earn a Service provider promotional bonus up to \$15,000 for a customer billing \$5,000 In this example, you would earn 60% of that one-time bonus or \$9,000.
